Farmers and ranchers, mark your calendar for an upcoming workshop featuring speakers with the **Texas Small Farmers and Ranchers CBO**, and **local U.S. Department of Agriculture agencies**.

This workshop will connect agriculture producers with experts from the United States Department of Agriculture (USDA)/Natural Resources Conservation Service (NRCS) to learn about Agricultural Financial Assistance. These outreach workshops encourage an open forum for education and awareness and are open to the public.

Don’t miss out on this opportunity to learn about possible USDA/NRCS program opportunities. USDA help is available for: cross-fencing, erosion control, seeding pastures, planting trees, livestock ponds, water wells and water lines just to name a few. There will be experts available to discuss farm loans (i.e., MicroLoans).
