Program ends at 3PM June 19th and 5PM June 20th**

RSVP to USDA-NRCS at (936) 634-9900, ext. 3

U.S. Department of Agriculture representatives will share information to help improve your farm, whether large or small. Experts will be available for cost share and financial assistance programs; conservation programs and conservation planning; farm loan programs; organic farming; urban agriculture; pollinators; soil health; agricultural marketing; cattle and hay operations; high tunnels (hoop houses); erosion control; irrigation systems; veteran's programs and more. Lunch is provided both days.

On Tuesday, June 20th farmers can participate in the construction of a seasonal high tunnel built from the ground up. See photo upper right.
